## What is Wi-Fi Calling?

Wi-Fi Calling allows you to make and receive calls over a Wi-Fi network if cellular service isn't available.

### The benefits of Wi-Fi Calling include:

- 
- It's included at no additional charge with your existing voice plan and compatible device.
  - You can make and receive calls with Wi-Fi using your phone number.
  - Wi-Fi calls to US numbers are free, even while traveling internationally.
  - Video Calls no longer need an LTE connection to be initiated in Wi-Fi.

---

## Who is eligible for Wi-Fi Calling?

To be eligible for Wi-Fi Calling, you need to:

- 
- Have a phone that's [HD Voice](#)-enabled and Wi-Fi Calling-capable
  - Have the HD Voice feature on your account and activated

---

Note: If you have any features that are incompatible with HD Voice, you'll need to remove them before you add the HD Voice feature to your account. Find out about [which features aren't compatible with HD Voice](#), or [learn more about HD Voice](#) and how to activate it.
